Growing Kids God's Way Mini-Brochure rev. 10/11

Growing Kids God's Way

Growing Kids God's Way (GKGW) is a comprehensive values-based parenting curriculum utilized by more than 10,000 churches and schools worldwide.

The lessons are practical and the results are compelling — morally responsible children with a healthy view of self and others.

Topics include:

- Help children internalize virtues and values and practically live out the character of God
- What parents do to foster insecure children and how they can fix the problem
- How to say “I love you” to your children and spouse so they feel full parental love
- How fathers build or undermine their children’s trust and how to build family loyalty and identity
- What is true character and how to teach children to love and prefer each other
- Parents learn what true biblical discipline is about and how to achieve first-time obedience
- Train right behavior into children so you will not waste time correcting wrong behavior
- Practical ways to help children master their own self-control and make it a life time habit
